Hi Jeff-
Can you approve a RUSH search for this search? It is an election, the case is due this biweek, and I did not realize that one claim included a sequence. It is 5822 nt's long. It is an expression vector. Do I need to choose a region within the sequence to have searched?
Thanks-
Karen

Please seach SEQ ID NO:1 for 09/924,197 in the commercial databases.

Thank-you
